- BasisforSEAP,CoMin 2012
- Pioneeringin EPCwithESCOforlarge pool of public buildings

- <http://oostendenaar.files.wordpress.com/2010/10/oostende.jpg>

Network issues & needs

- Translation into implementation: from plan to action on the ground
- Engaging with stakeholders: the city as glue or lubricant for other city stakeholders
- Tertiary sector involvement
- Implementation barriers (financial, legislative, institutional)
- Facilitation from higher level policies
- Monitoring and data availability

Coaching approach

- Trajectoriesforcoaching
- 6individualthemeswithopportunitiestofollowtrajectoriesofothercitiestostimulatel earning
- Themes:
 - Urbandevelopmentandlock-ins
 - GIS energymapping
 - Sustainablelogistics
 - Collectiverenovationstrategies
 - SEAP bestpractices
 - DistrictHeatingframeworks
